## DEMOCRATS WIN OHIO ELECTION

Chairman Dick Concedes Defeat by 25,000.

## ENTIRE TICKET IS ELECTED

LEGISLATURE IS NOW STRONGLY DEMOCRATIC.

COLUMBUS, O., Nov. 8.—That John M. Pattison has been elected governor for the next three years by a plurality running well above 40,000 is settled tonight, as also is the Democratic working majority in both houses of the legislature, but there is still some uncertainty as to the remainder of the state ticket. The earlier returns were apparently from sections favorable to the governor, for he held a lead over the rest of his ticket until today, when fuller returns from the country districts cut into his vote severely, and by the middle of the afternoon he seemed to be over 40,000 votes behind his ticket. If that difference stands the victory of these other officers will depend upon the size of Pattison's plurality, with the chances in favor of the choice of the entire Democratic list. Chairman Garber tonight figures pluralities for Pattison that aggregated close to 55,000, in which event the entire Democratic ticket would be elected. Republicans have given out no later estimates since that of Chairman Dick conceding the election of Pattison by 25,000 plurality, but the returns received at headquarters indicate that a larger figure is correct.

## Legislature Safely Democratic.

Republican estimates tonight give the Democrats two to five majority in the next senate, and from ten to twenty in the house, and these are probably the minimum estimates. The Democratic claim is a majority of five in the senate and twenty in the house.

The widespread scratching of tickets caused such delay in the counting that hours after the close of the polls there was still uncertainty, notwithstanding the overwhelming nature of the Democratic victory.

The state officers and legislators chosen yesterday will serve three years, instead of two as heretofore, the constitutional amendment for biennial elections providing thus, and it was widely but incorrectly asserted that the legislature just chosen would name Foraker's successor.

## Pattison's Plurality Grows.

The reports to Chairman Garber tonight from all sections of the state indicated a plurality for Pattison of more than 55,000, and he said he believed that if the gains continue it might reach 60,000. Republican advisers indicated that, leaving out the five large counties, the Herlick loss in the remaining eighty-three counties would average 600 votes to the county, or a difference of nearly 50,000 between the vote cast for Herlick and that for the remainder of the Democratic ticket. The other Republicans being thus about 50,000 ahead of their chief, would win if Pattison was less than 50,000 ahead of Herlick, but as the figures indicated that Pattison had considerably more than the necessary 50,000, while the difference between Herlick and the other Republican candidates seemed to be narrowing slightly, it was safe to assume that the entire Democratic ticket had been elected, and that the fullest report had not been received as to the vote for these officers.

## FORAKER MAKES STATEMENT.

Says Defeat Is Due to Local Causes Solely.

Cincinnati, O., Nov. 8.—Following the defeat of the Republican party in this city and state, United States Senator J. B. Foraker today authorized the following statement: "The defeats we have sustained in the city and state have no relation to national politics, but are due solely to local causes. Whether right or not, the belief obtains that the great mass of voters have not the proper representation in nominating conventions, and that a man with an ambition to engage in the public service had no opportunity unless he was fortunate enough to be put on a pre-arranged slate. It was natural to expect that sooner or later this would be resented. In large part that is what the defeat of yesterday meant. It will be easy to cure this trouble. The way is to return to the old-fashioned practice of having real conventions, in which all who aspire to nominations will have an equal chance. There were other causes that contributed to the defeat, but I don't care to discuss them, for they will pass away with this election."

## CONTEST AT LOUISVILLE.

Fusionists Charge That Fraudulent Voting Was Done.

Louisville, Ky., Nov. 8.—The managers of the Fusion party met this afternoon and announced that they had decided to contest in the courts the election of the Democratic ticket for municipal officers and members of the legislature. It is alleged that in four precincts no election was held at all, owing to the disappearance of the election paraphernalia; that in fourteen other precincts the ballot boxes were confiscated by Democratic workers before the returns were certified to, thus allowing the results to be falsified; and finally that in a large number of other precincts gangs of armed thugs and ruffians, abetted in some instances by the police, cast many fraudulent ballots, thus preventing lawful voters from voting.

## SCHMITZ IN SAN FRANCISCO.

Entire Union Labor Ticket Has a Majority.

San Francisco, Nov. 8.—The complete returns from the San Francisco municipal election show that every candidate on the Union Labor ticket was elected, the pluralities ranging from 4,500 to 11,000. The total vote for mayor was as follows: John S. Partridge (Fusion), 28,857; Eugene E. Schmitz (Union Labor), 40,191; A. W. Sawyer (Socialist), 1,688. Schmitz's plurality, 11,091.

## INSURANCE QUIZ IS ON AGAIN

Difference Between Industrial and Ordinary Life.

## FORMER MORE EXPENSIVE

ACTUARY MCLINTOCK OF MUTUAL ON STAND.

NEW YORK, Nov. 8.—In the testimony of John R. Hegeman, president of the Metropolitan Life Insurance company, before the insurance investigating committee, upon the re-survey of the insurance investigation today, it was brought out that industrial insurance was considerably more expensive than other forms of life insurance, and that the Metropolitan Life Insurance company, which is a mutual company, had a policy of ordinary life insurance charged \$16.55 annually, while for \$24, the nearest amount for industrial insurance was charged.

Mr. Hegeman was on the stand the greater part of the afternoon, and his testimony was along the line of the amount of the company's increase in business.

## Actuary on Stand.

At the morning session Emory McClinton, actuary of the Mutual Life Insurance company, who has been examined in part at previous sessions, was called and continued his testimony on technical insurance.

In answer to a question Mr. McClinton could not remember a case in which the actuary's department has ever been consulted by the officers of the company as to the amount of money to be expended in new business. He was of the opinion that the agent's commissions were larger for industrial life policies than on an ordinary life policy with annual dividends.

Mr. Hughes asked Mr. McClinton: "In 1903 the dividends realized by the company was \$3,362,861 and the amount of dividends paid was \$75,947, in 1904 the amount realized was \$4,624,677, and the amount of dividends paid \$258,504. Why, when the amount realized was over \$1,000,000 more, was the amount paid for actual dividends nearly \$200,000 less?"

Mr. McClinton said that the reduction of interest must be taken into account. He also said that as the estimate for the year's earnings was made in November and the dividends to be paid were calculated on the estimate, it was impossible to get accurate results.

In reply to questions, Mr. McClinton said that the factors considered in computing the dividends were "loadings" of the premiums so as to provide funds for the conduct of the company. What remained of the "loadings" after payment of expenses, he said, was devoted to dividends. The amount of the loadings was estimated by the experience of previous years.

## Cost of New Business.

Mr. McClinton was asked if there was any way the cost of procuring new business could be lessened. He replied that the company might adopt a new method of valuation, but he said the ratio of expense to the total income of the Mutual Life Insurance company was 20 percent for the year 1904. This, he said, was also true of the New York Life and the Equitable Life Assurance society. In smaller companies the ratio was much lower, in some instances as low as 15 or 16 per cent.

The ratio of expenses to the amount paid to policyholders of the Mutual was shown to be 20 per cent. In the New York Life it is the same, while in the Equitable it is but 13 per cent. In some smaller companies it is as low as 10 and 20 per cent.

Following Mr. McClinton, John R. Hegeman, president of the Metropolitan Life Insurance company, was called to continue his testimony where he stopped two weeks or more ago.

Mr. Hughes, who wished it for record, Mr. Hegeman said at length that his previous testimony regarding the growth of his company. In 1887 the company had a surplus of \$463,392, and at the end of 1904 was \$14,377,731.

At the end of 1887 the outstanding indebtedness was \$152,631,977, of which \$147,758,287 was industrial. At the end of 1904 the outstanding indebtedness was \$1,472,281, of which \$1,127,892,229 was industrial. The premium paid in 1887 amounted to \$5,618,767, and in 1904, \$50,808,324.

Witness then identified a table of weekly rates for various ages, and said that the rate for a year of industrial insurance was greater than ordinary life because the industrial was retail insurance, while the ordinary was wholesale. An example was taken at an age of 22 years, and it was shown that the Metropolitan's rate for ordinary life policy for \$16.55 annually, while for \$24, the nearest amount for industrial insurance was charged.

## WANTED IN MONTANA.

Governor John C. Cutler yesterday issued extradition papers for a man named J. P. Walker, now under arrest at Milford, Utah, and wanted on a grand larceny charge at Boulder, Mont.

Walker is accused of various things, among them absconding with \$100, and stealing a gold watch from Joseph B. Moore, a miner. When arrested, Walker passed a \$50 check at Milford, Walker gave a Boulder reference and this led to his arrest.

Conger, ex-United States minister to China during the Russo-Japanese war, and late American ambassador to Mexico, announced this morning that he had quit the diplomatic service for ever. ## RHODE ISLAND COMPLETED.

Utter, Republican, 50,882; Garvin, Democrat, 28,340; Helme, Prohibitionist, 939; Herick, Socialist, 48; Carpenter, Socialist, 400. Utter's plurality, 1,572.

Compared with last year the result shows a Republican net gain of 2,888.

## FIRST STEP IN HEARST CONTEST

Order Granted for Removal of Ballot Boxes for Recount.

## WINS WILL LEND HIS AID

DEFEATED CANDIDATES ALLEGED CROSS FRAUDS.

NEW YORK, Nov. 8.—With the granting of an order by Supreme Court Justice William G. Gaynor tonight compelling Police Commissioner McAdoo to remove every ballot box from all the precincts in Greater New York of the late election, William R. Hearst, the defeated Municipal Ownership league candidate, took his first legal step in a fight to secure a recount of the votes cast on election day.

The order was granted after Justice Gaynor had reviewed affidavits submitted by Mr. Hearst's attorneys, and half an hour later Colonel W. A. S. Bacon and F. W. Brown, representing Mr. Hearst, served the order on Commissioner McAdoo, who sent out a general order to every precinct in Greater New York instructing the captains or other officers in charge to send the ballot boxes straightway to the bureau of elections in Manhattan. In signing the order Justice Gaynor said:

"The police have nothing whatever to do with the ballot boxes and it is most astonishing that they should have possession of them. They have no right to even touch them. The order is granted."

## Order Was a Surprise.

The granting of the order came unexpectedly and caused much surprise, and with the opinion of Justice Gaynor that the police have no right to the ballot boxes and should not even touch them a new aspect is placed on the case. This is the first time such an order has ever issued, as heretofore the police have always had charge of the ballot boxes after the count has been taken at the polling places. They are then moved to the station houses immediately after the inspectors and clerks have counted up the ballots.

Mr. Hearst's attorneys, who are in the fight he will wage to be declared mayor, Mr. Jones refused, but said he would gladly co-operate with the attorneys who will conduct the fight as an associate counsel.

## Hearst Leaders Confer.

A campaign to defeat Tammany Hall in the supreme court and to declare William R. Hearst the rightfully elected mayor of New York yesterday, in place of George B. McClellan, was inaugurated at a crowded meeting of Municipal Ownership league leaders tonight. At its close Mr. Hearst said:

"We are going to fight today tomorrow, next month and next year to make it possible for a man to cast an honest vote and to prevent in the future conditions being as disgraceful as they were yesterday, especially in Sullivan's and Murphy's districts, and we will invoke every legal means to have every ballot honestly counted. We are receiving voluntary offers of money from business men to aid us in this fight."

Mr. Hearst's lieutenants then announced that with evidence that 20,000 Hearst men were defrauded of their rights to vote yesterday, and that 1,000 election inspectors were guilty of illegal acts, the contest would be carried immediately over the heads of the board of county canvassers into the supreme court. They said the object of this plan was to secure a speedy and final answer, and that money was not to be spared in carrying special counting in all parts of the United States to make this plan succeed.

## Talks of Sing-Sing.

The leaders said that in less than twenty-four hours after the polls closed the Municipal Ownership league had secured over 1,000 affidavits charging illegal acts against 1,000 election inspectors. These affidavits state that the inspectors in question were Tammany men. Mr. Hearst himself said that within a hour "a chain of these men" would be sent to Sing-Sing. It was also stated that in east side assembly districts, including the Eighteenth, Charles P. Murphy's home district, affidavits had been secured to show that at least 20,000 votes were illegally cast yesterday on the names of voters who went to the polls to vote for Mr. Hearst and the Municipal Ownership league ticket, but who, when they arrived, found their names voted upon already.

## BETS ARE HELD UP.

No Wagers on Majority of New York Being Paid.

New York, Nov. 8.—In the commercial district practically all bets made on McClellan will be held up pending developments. Conservative estimates put the amount wagered on McClellan at not less than \$200,000, while probably half that much was bet on Jerome. A few Jerome bets were cashed this morning, but the stakeholder's have decided not to pay the bulk of the Jerome money until the official count. Bets on McClellan may be held up indefinitely, or at least until the courts decide to bet \$100 that the official recount would show that Hearst had been elected mayor.

## Delivers the Goods.

New York, Nov. 9, 2:45 a. m.—Two patrol wagons from the East Fifty-first and Fifty-second police stations arrived at the bureau of elections, the first with twelve ballot boxes and the other with fourteen boxes. Five police officers accompanied the wagons. The bureau of elections was not open. State Superintendent of Elections Morgan had said that he would send deputy superintendents to the bureau, but none had arrived.

## OFFER REWARD OF \$1,000

EXISTENCE OF CONSPIRACY TO SEIZE WOMAN'S ESTATE.

New York, Nov. 8.—Mrs. Frank Tousey today offered a reward of \$1,000 "for evidence leading to the apprehension and conviction of the person or persons guilty of the murder of Mrs. Margaretta Todd in Philadelphia on the night of Oct. 27."

Mrs. Tousey is the dead woman's only daughter, now hastening home from Europe. Sinclair Tousey, her brother-in-law, offered the reward in her name.

Two arrests in the case will be made tomorrow. This was determined upon late tonight, and the detectives who have been keeping the two men under close surveillance were instructed to redouble their vigilance.

Assistant District Attorney Nutt has practically completed his investigation of the alleged conspiracy to get possession of Mrs. Todd's estate.

"We are almost ready for decisive action in the case," said Mr. Nutt today, "and we are ready to go into the murder of the problem. As yet we lack jurisdiction because of a delay on the part of the district attorney's office in Philadelphia. We cannot act in a murder inquiry until the Philadelphia authorities ask us to do so."

Assistant District Attorney Nutt is in possession of evidence which he says indicates the existence of a conspiracy to seize the dead woman's estate and give ground for the present suspicion of foul play in connection with the woman's death.

ON BELIEF OF WRONGFUL DIVERSION OF FUNDS.

JEFFERSON CITY, Mo., Nov. 8.—W. D. Van Diver, state superintendent of insurance, tonight suspended the certificates of authority of the New York Life Insurance company to do business in Missouri.

Following is the order: "Notice is hereby given, that whereas, information in my possession and verified by examination of the official stenographer's report of the recent investigation of the New York Life Insurance company by the investigating committee of the state of New York, has shown that the funds of the said company have been impaired by the diversion of large sums of money for legal and wrong purposes, and that the further continuance of the said New York Life Insurance company in the writing of life insurance in this state, under its present management, is hazardous to the public and to those holding its policies; therefore, I, W. D. Van Diver, superintendent of the insurance department of the state of Missouri, have this day suspended the certificate of authority heretofore granted to said company to do the business of writing life insurance in this state."

## PHYSICIAN INVOLVED.

Northwestern Life Insurance Medical Charged With Larceny.

Los Angeles, Cal., Nov. 8.—Dr. Jacob F. Force, vice president of the Northwestern Life Insurance company of Minnesota, was arrested here today by Detective Joseph J. Connelley, of the department. Dr. Force is a retired physician and has been residing in Los Angeles for some time past. He claims that he was named as an officer of the insurance company a year ago.

Dr. Force left for Minneapolis tonight to enter a plea of not guilty to the charge of larceny, and put up a bond, and he will return to Los Angeles. Dr. Force was vice-president of the company for several years. He was named as an officer of the company some time ago. At that time, according to his allegations, he handed in his resignation as an officer of the company, but the resignation was not accepted. He has taken no hand in the management of the company.
